INTERNATIONAL EXHIBITION FOR
BUILDING & CONSTRUCTION

TAYARA for International Exhibitions and Conferences have the pleasure to invite you to participate at the 5th TECHNO BUILD 2018 for Building and Construction Material.

INTERNATIONAL EXHIBITION FOR
BUILDING & CONSTRUCTION

10 – 14 —MAY— 2018

>> Damascus Fairgrounds <<

Building Materials& Infrastructure:

- I Stones
- T Bricks
- T Glass-metal
- T Aluminums
- T Plastic
- T Steel
- T Reinforced Iron
- T Woods products
- T Marbles
- T Natural and synthetic granite
- T Siding and exterior decoration materials
- T Construction & building
- T Infrastructure
- T Cement blocks additives

PLANTS:

- I Prefabricated building
- T Structures metal (Hangers)
- T Elevators and Escalators
- T Real estate services
- T Banks and insurance services
- T Scaffolds
- T Hand Tools
- T Compressors and Heavy Equipment
- T Asphalt plants and machinery

T
INTERNATIONAL EXHIBITION FOR
BUILDING & CONSTRUCTION

Isolation Materials:

- I Heat -insulating materials
- T Water isolation materials and moisture
- T Paints- coating

Sanitary wares:

- I All kind of sanitary wares
- Ceramics
- Environment and water Technology
- Sewage
- Swimming pools equipment

Heating, ventilation, A.c and cooling Technologies (H.V.A.C):

- I Heating by hot air & water
- Heating by solar systems
- Burners boilers, and Radiators
- Fan coils and heat coil exchanges & Chillers
- Steam Technology
- Ventilation and turbine fans
- Air purification – Humidifying – Dehumidifying
- Air ducts (fixed & expendable)
- Residential and central air conditioning
- Condensates and materials systems
- Isolation materials
- Industrial Refrigeration
- Refrigeration compressors and valves
- Cooling towers and cooling boxes
- Ice Machines
- Isolated Sandwich Panels (foams – Glass & Rockwool)
- Control and Automation Systems
- Fire and Noise Protection Systems
- Valves & pipes
- Associated Tools and Equipment

Decoration:

- I Furnishings, interior decoration, and Accessories
- Decorative gardens and fitting
- Ceilings - flooring
- Kitchen
- Hotel equipment
- Household equipment
- Alarm, Fire, Safety and Security System
- Wall covering

WATER TECHNOLOGY:

- I Water Treatment Plants
- Desalination Plants
- Water analysis devices & testing equipment
- Water management and distribution networks
- Water meters
- Water purification
- Water storage reservoirs
- Water Treatment Chemicals
- Water coolers & Water Heaters
- Water well drilling Equipment & Accessories
- Irrigation system
- Chlorination system
- Sewage pipes and fitting
- Sanitary technology
- Pumps and filters
- Drainage systems
- Hygrometers
- Valves and gauges
- Engineering offices (studying – consultation – applying)

INTERNATIONAL EXHIBITION FOR BUILDING & CONSTRUCTION

Electricity:

- Residential lightning.
- Electric Board.
- Switch.
- Control Panels
- Lightning protection devices - Voltage dischargers
- Generating sets
- Electrical UPS & Adapters
- Cables
- Communications and intercoms and surveillance devices
- Electrical wiring supplies
- Image and sound system devices
- Building technology (construction and automation software).

Electric Power:

- Electrical Power Transmission Lines
- Industrial Automation Solutions
- Hi- Tech Products.
- Alternative & Renewable Energy
- Solar Energy Systems.
- Substations & Electrical Towers
- Programmable Logic Controllers (PLC)
- Uninterrupted Power Systems, Chargers & Batteries.
- Regulators, Capacitors and Electrical Conductors.
- Test & Measurement Equipment.
- Thunder Protection Equipment.
- Lightning Equipment & Fittings.
- Measurement, control & diagnostic instrumentation
- Transmission, and distribution of electric power (switches; high voltage distribution and control equipment; insulators; cables; transformer substations: low-voltage)

INTERNATIONAL EXHIBITION FOR BUILDING & CONSTRUCTION

Environment Technology:

- Environment – Friendly Buildings.
- Clean Energy Products
- Energy provision
- Water provision Equipment
- Energy & Water Recycling Products
- Alternative Energy Systems Equipment (Solar, Wind, etc.)
- Radiation Control Systems
- Environmental Crisis Management Systems
- Pollution & Garbage Control & Recycling Systems
- Environment Control Systems
- Environment and water Technology
- Radiation Control Systems

VISITORS:

The Event will attract all specialist from construction projects, Industrial, Engineers, Businessmen, contractors from both Public and private sectors.

MEDIA CAMPAIGN:

A wide world media campaign will be reserved for this Event in Billboards street, T.V. channels, broad cast, newspapers, direct invitation, SMS to potentials customers.

SCIENTIFIC SEMINARS:

Important scientific seminars will be held during TECHNO BUILD days

Organizers: TAYARA FOR EXHIBITIONS & CONFERENCES
