

The National Centre for Marketing of the Ministry of Foreign Affairs of the Republic of Belarus (hereinafter - the NCMPS) has 20 years experience in providing information, marketing and consulting services in the sphere of foreign economic activity. The NCMPS carries out marketing research of Belarusian and foreign markets, organizes and holds exhibitions in Belarus and abroad, seminars on procurement procedures and foreign economic activity, provides information on auctions and bidding abroad, publishes informational, analytical and advertising editions on foreign economic activity.

The NCMPS has branches in all the main business hubs of the Republic of Belarus. The partner and agent network abroad includes more than 150 organizations in different countries of the world. The Centre has a great information and resource potential for carrying out marketing research. The Integrated Portal of the information support of the export of the Republic of Belarus Export.by successfully operates on the basis of the NCMPS. Moreover, the NCMPS can boast a modern technical and information base for providing e-procurement procedures in Belarus and abroad - official **web-site [www.icetrade.by](http://www.icetrade.by)**.

Portal Export.by is an Internet platform for information support of Belarusian export, where one can find relevant data on Belarusian and foreign producers, their goods and services, analytical information on local and foreign markets and legal systems of different countries, etc.

With the aim of realization of Article 4 of our MOC, we would like to enclose a link to the list of the exhibition events, in which the NCMPS will take part in 2018 (**<https://export.by/en/exhibition-activities>**). In case you are interested, we could organize joint business events in the framework of the mentioned exhibitions. Moreover, if you are planning to visit Belarusian exhibitions next year, the list of the upcoming exhibitions could be of help (**<http://www.tc.by/english/events/>**).
