

Pakistan – Jordan Trade Relationship

Pakistan-Jordan relations have been very special and characterized by a shared sense of history and common perceptions on important regional and international issues. The bilateral trade between them have remained meagre and below \$80 million over the years. However, the balance of trade keeps favoring Pakistan with an increasing trend,

Although, Pakistan exports are recording a compound annual decline of 6 per cent over the years but as comparatively its imports are also reported a declining trend with great number, thereby the balance of trade continue increasing. While the overall trade volume is shrinking as it has decrease from \$ 73 million in 2016 to \$ 48 million in 2020 with annual compound decline of 9 percent in this period.
