

Pakistan – Poland Trade Relationship

Poland is located in the center of Europe, and this factor alone demonstrates great potential for international trade. The bilateral relationship between Pakistan and Poland are non-traditional and the trade volume have remained below \$370 million over the years. In 2020, Pakistan exports good worth \$265.5 million and the bilateral trade balance over the years favors Pakistan. The trade volume has increase by compound annual growth rate of 5% from \$258 million in 2016 to \$ 359 million in 2020. However, imports from Poland have remained volatile under the study, whereas exports to Poland have recorded an increasing trend.
