**TRADE DEVELOPMENT AUTHORITY
OF PAKISTAN**

TDAP INTRODUCTION

Trade Development Authority of Pakistan is the premier trade promotion organization mandated to develop and promote products and services of the country in international markets.

TDAP implements policies and directives of Federal Government and its Board of Directors for enhancing, promoting and facilitating trade.

TDAP supports and facilitates businesses through latest information and capacity building initiatives to enhance and improve their leverage in international trade.

To achieve its objectives, TDAP organizes as well as participates in local & international trade fairs, country specific exhibitions, trade delegations, conducts seminars and organizes contacts and information exchange events both physically as well on digital platforms.

This publication is part of the efforts of TDAP to share details and showcase Pakistan's products and services in international markets.

PRODUCT PROFILE

Since its inception, the home appliances industry of Pakistan has been operating meticulously keeping in view the philosophy of innovation and advancement. Over the last several years, the industry has continued to fulfil its promise of reliability to its consumers. Building on this strong foundation and the R&D expertise, the industry is committed to introducing more advanced technologies and innovative home appliances that create greater convenience for the consumers in Pakistan and abroad.

Today, the home appliances industry of Pakistan– with reliability as its core value - provides cutting edge Refrigerators, Washing Machines, Chest Freezers, Vertical Freezers, Split AC, Microwave Ovens and Water Dispensers. Over the past seven decades, the industry has not only developed an extensive dealer network but has also established an enormous after-sales services platform.

The industry has consistently contributed towards the development of engineering sector in Pakistan. It has been turning houses into homes with thoughtfully innovative household appliances. Working tirelessly towards bringing multiple product lines and introducing them with professionally managed marketing activities, the industry has secured a reputable position in the national and international manufacturing and services sector. Being one of the fastest growing industries in the country, it has emerged as a symbol of innovation in Pakistan. By maintaining the industry's true innovative essence in terms of technology, research and development, the home appliances industry addresses main points of consumers by working on ideas and concepts that have the aptitude of bringing a positive change. Understanding the dynamics of the digital space, the electrical household appliances industry of Pakistan strives to achieve success by delivering innovation along with service excellence.

THE MARKET CAN BE DIVIDED INTO TWO SEGMENTS

MAJOR APPLIANCES

- MICROWAVE OVENS
- REFRIGERATORS
- DEEP FREEZERS
- AIR CONDITIONERS
- LED TV
- WASHING MACHINES

SMALL APPLIANCES

- VACUUM CLEANERS
- WATER DISPENSERS
- TOASTERS
- IRONS
- COFFEE MACHINES
